REMINDER
Benefit Year Ends March 31

A reminder that all benefit claims MUST BE INCURRED by March 31 and claimed by June 30.

CHECK YOUR HEALTHCARE SPENDING ACCOUNT BALANCE at Great West Life to make sure you have used up your entire $825 balance.

After pressing the Employer to implement changes to benefits bargained by UMFA at the end of 2016, on January 30, 2018, the Board of Governors finally approved several enhancements to U of M’s Group Insurance Benefits, including several not discussed in bargaining.

The enhancements will be implemented retroactive to April 1, 2017. The plan
enhancements include:

- increases to the Health Care Spending Account limits to $825 for the full-time plan and $580 for the part-time plan.
- Orthodontic Coverage will now apply to the whole family instead of only dependent children.
- Orthodontic limits will increase to $3,000 lifetime for the full-time plan and $1,575 lifetime for the part-time plan.
- Orthodontic claims will be excluded from the yearly maximum for dental expenses.
- Dental Implants will be covered at a level equivalent to the least costly alternative treatment.
- The Dental Fee guide from the province where work was completed will be used instead of the Manitoba fee guide. If the dental work is performed outside of Canada, the fee guide from the province of residence will be used.

The Prescription Drug annual limit will increase to the lesser of $5,000 or the Manitoba Pharmacare deductible for the full-time plan and $3,500 or the Manitoba Pharmacare deductible for part-time plan.

To take advantage of the enhanced coverage, **plan members will need to re-submit their eligible claims.** More information will be coming from the Employer in the first week of March.

Any additional questions can be directed to Dave Muir, Director, Compensation and Staff Benefits, Dave.Muir@umanitoba.ca or 204-474-9584.

Knowing and Using Your Collective Agreement was developed to bring clarity to some of the more confusing aspects of the CA. Each section of Knowing and Using Your Collective Agreement lays out the groundwork and the practical takeaways that are important for Members to understand so they can continue to maintain the principles that we’ve fought for through collective bargaining.
and strike action.

When in doubt, however, the language in the CA takes precedence over the descriptions included here. If you have questions or concerns, contact the UMFA office at 204-474-8272 or faum@umfa.ca.

If you have any questions regarding the figures on the T4/T4A(s), please contact your Payroll Associate for further assistance.

You can find the Payroll Services contact list at http://umanitoba.ca/admin/financial_services/media/Payroll_Contacts_2018.pdf

Librarians & Libraries on Campus

Throughout the months of February and March, we’ll be taking some time to de-mystify the role of academic librarians on campus. Librarians play a crucial role in making the UofM function on a day-to-day basis.
We’ll be talking about some of these tasks and roles throughout the next couple months and looking at how librarians and libraries are essential to the functioning of post-secondary education.

Click below to read the librarian profiles and learn more about the campaign!
Greetings,

Join us on March 12, for a "Pharmacare: A Plan for Everyone" Town Hall meeting in Winnipeg!
This important meeting will feature Canada's foremost pharmacare experts and advocates, and these important discussions will address why we need a universal prescription drug plan that covers all Canadians, regardless of their age, income, or where they work or live.

**When:** Monday, March 12, 2018

**Time:** 6:30 - 8:30 P.M.

**Venue:** Crossways in Common
222 Furby Street (at Broadway), Winnipeg, MB  R3C 2A7

Register today and circulate the attached [poster](https://www.facebook.com/events/209716239583374/) to your family, friends, and co-workers!
Request for Information in Respect to U.S. Border Experiences

In the past year, CAUT has received reports that American border officers have become increasingly bold in the exercise of their claimed powers to search, detain, and seize property or information of Canadians entering the United States. CAUT is concerned about the frequency of such actions and the impact on the rights of academic staff to personal privacy and academic freedom, including research confidentiality.

As part of a continuing review of US border access, and before Parliament passes the new pre-clearance powers for US officers at Canadian airports, we wish to hear from academic staff across the country about their experiences when seeking to enter the United States.

In particular, we would like to hear from individuals who have been subject to any of the following privacy and research confidentiality breaches when trying to enter the United States (whether by air, land, or through pre-clearance at a Canadian airport):

- Physical searches of person or belongings;
- Physical searches of phone, computer, or other electronic devices;
- Electronic searches of phone, computer, or other electronic devices;
- Requests from border agents to know passwords for phones, computers, devices, online communications, or social media accounts;
- Coerced unlocking of phones, computers, devices, online communications, or social media accounts (whether by the agent, by the member, or through another method);
- Threats to detain for non-compliance with requests for any of the above;
- Detention for non-compliance, or in order to extract compliance for any of the above;
- Refusal of entry to the USA due to nationality, citizenship, refusal to comply, or based on what was found or suspected to be found.

If you have experienced any of the above or had similar experiences, we ask that you please provide details directly by emailing borderissues@caut.ca. Any identifying information will be kept confidential unless you otherwise consent.
If you have information or an event that you’d like to share in an upcoming issue, please email the item to umfa-communications@umfa.ca for consideration.
