SEEQs evaluated - send us your comments!

The Senate has revived its Committee on Instruction and Evaluation, and among other things it’s now tasked with evaluating the SEEQ instrument. UMFA has established an ad hoc committee so the Association can make a submission to Senate, and we want your feedback on SEEQs to inform our submission.

We’d like a written account of your experiences, good and bad. Don’t worry – we’ll keep your information confidential and not share your name with anyone. Information on how to submit your comments is below.

There are three main areas on which we’d like you to focus when making your comments:

1.  *Academic value*: Do you think that the SEEQs provide constructive, formative feedback on your teaching practices? Do you generally receive informative written student comments? Do you receive comments that pertain to aspects other than your teaching practices (these can be positive or negative, like comments on how you look or dress)? Did you receive discriminatory comments that are personal, sexist, racist, or that have an ethnocentric bias? What kind of feedback would assist you to improve your courses? Do you perceive that summary scores are considered equitably in tenure and promotion
decisions?

2. **Privacy**: SEQQ scores are made available to the student population. Do you feel it is reasonable and justifiable to distribute this information?

3. **Harassment**: Are written student comments respectful? Have you ever received written SEQQ comments that are harassing and that might show bias on the part of your students? If so, what has been the nature of these comments and have they had negative effects on your experience as an instructor/professor and employee? If you still have copies of harassing or otherwise inappropriate comments, we’d like to see them so we can fully impress on the Senate Committee the extent and nature of the problem.

4. **Teaching Dossier**: Have you ever been encouraged by your Dean or Director to start or maintain a Teaching Dossier? What do you keep in it? Has it helped you improve the effectiveness of your teaching?

Please submit your comments, experiences, and any documents you’d like to share about SEQQs to umfaseeq@gmail.com by November 26, 2018. All submissions will be kept confidential.

Please note, too, that if you or your colleagues are experiencing harassment or other forms of inappropriate behavior, via SEQQs or otherwise, please immediately contact the office for confidential advice and support: faum@umfa.ca 204.474.8272.

**Thinking of retiring soon and you are over 58?**

The date to give notice of your retirement and participate in the retirement allowance program is December 31. The details of the retirement allowance program are found in Appendix F of the collective agreement—the program provides a retirement allowance $20,000 to $100,000 if you provide irrevocable notice to retire. The amount of the allowance depends on your age at retirement and the number of years’ notice you provide.
If you are thinking of retiring, we encourage you to contact the pension benefits office and request a statement of retirement benefits. This statement, which is provided upon request, gives you information about your expected monthly pension given your exact age at retirement, and an estimate of the lump sum payment you would receive if you choose to take your money out of the UM plan. Since it takes up to six weeks for the pension office to generate your statement, please contact them as soon as possible.

Contact information is below.

Fair Employment Week

An increasing number of educators in universities and colleges across Canada are stuck in insecure part-time or contract positions. These positions are underpaid for the work being done. In fact, many of these positions earn less than a living wage.

CAUT's annual "Fair Employment Week" runs from October 22-26, 2018. This event is meant to draw attention to the working conditions of contract academic staff in Canada.
